

High-Definition Wireless Ultrasound for **Urology**

Confident Diagnosis

With high-definition imaging and customized settings for the entire urinary tract, Clarius wireless ultrasound is the ideal system for your hospital or office urology practice.

Improve Diagnostic Confidence with Wireless Ultrasound

Wireless and app-based, Clarius delivers ease-of-use and best-in-class imaging on current iOS or Android devices for accurate diagnosis and therapies unique to urology. Get the high-definition imaging and performance of traditional cart-based ultrasound systems in a highly affordable ultra-portable scanner.

- Investigate the source of back or flank pain
- Rapidly assess bladder volumes in patients with urinary retention
- Assess the prostate gland prior to medical intervention
- Guide biopsy in patients with palpable mass or increased PSA
- Evaluate scrotal contents in patients presenting with pain or mass

**Clarius C3 HD3
Curvilinear**

Max Depth: 40 cm

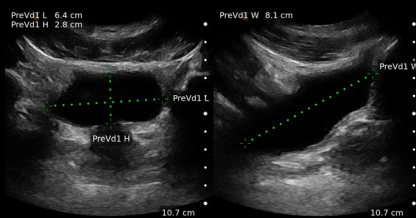

**Clarius L15 HD3
High-Frequency**

Frequency: 5-15 MHz
Max Depth: 7 cm

**Clarius EC7 HD3
Endocavity**

Frequency: 3-10 MHz
Max Depth: 15 cm

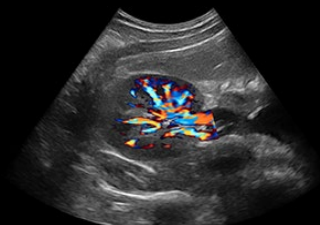

Bladder Measurements

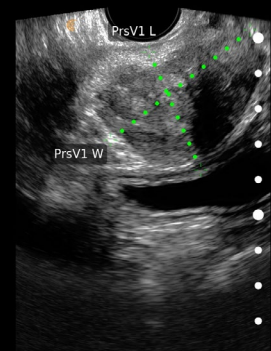

Right Kidney

Testicle with Cyst

Transverse Kidney with Color

Prostate

Penile, scrotal, abdominal, prostate – these are all very straightforward ultrasound exams that can be done at the bedside. It helps to counsel a patient immediately on what the diagnosis is and then move faster to better treatment based on the results. Without a doubt, I think ultrasound and the Clarius system allows us to be better urologists.”

Dr. Kevin Zorn, MD, FACS, FRCS

High-Resolution Ultrasound in a Portable Wireless Scanner

High-Definition

Octal Beamforming technology and 192 piezoelectric elements deliver high performance and resolution.

Easy To Use

Friendly app for Apple or Android streamlines workflows with simple swipe, tap, and voice controls.

Wireless

Steadfast connection. Total freedom. Without cords, cleaning and disinfection are simple and fast.

Specialized

AI-powered with dedicated presets for bladder and prostate imaging. Automated measurements for pre- and post-void bladder volumes.

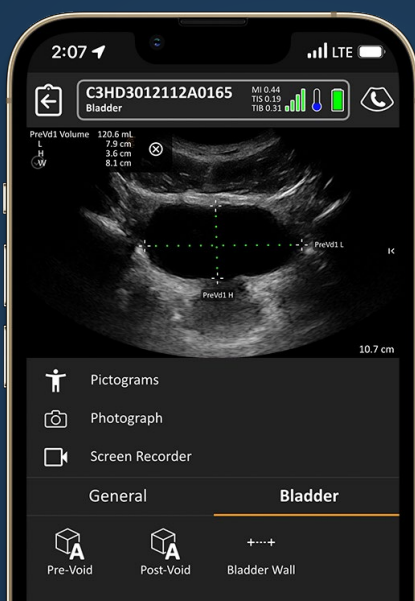

Ultra-Portable

Ideal for small spaces, Clarius fits in your pocket. Take it anywhere!

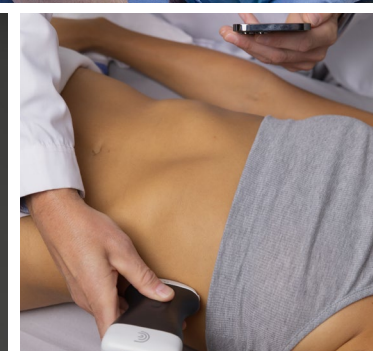

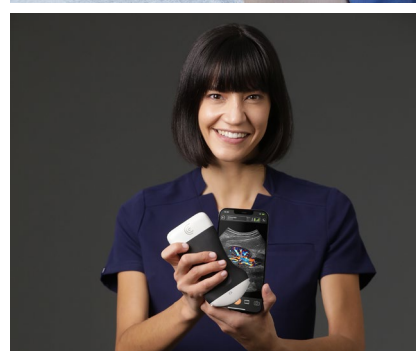

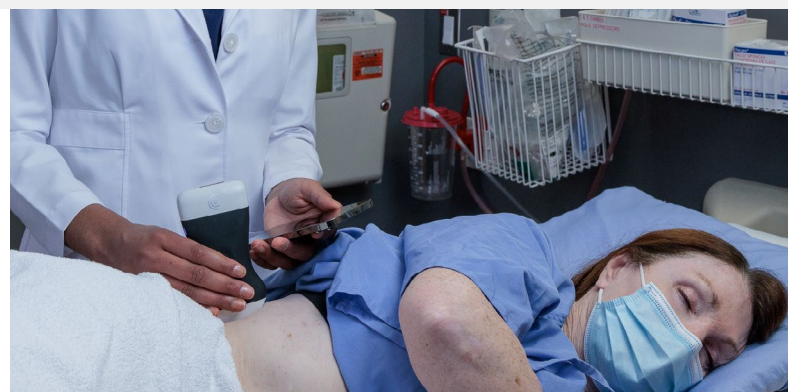

Clarius Cloud

Manage your exams and build reports anywhere, anytime with unlimited Clarius Cloud storage.

What I like most about Clarius is that it works with my iPhone—my own personal device. I don't have to use some company's proprietary tablet, and I don't have to go out and buy an Android; I can use the device that I'm already using."

Dr. Nathaniel Reisinger, MD

Advanced Software Package

Exclusive to members, the Advanced Primary/Critical Care Package offers more flexibility with additional automated tools and workflow solutions.

Auto Preset AI

Streamline workflows with automatic anatomy recognition and optimized preset selections.

Pulsed Wave Doppler

Measure and visualize key flow information through a simple and intuitive interface.

Split Screen Mode

Add convenience by comparing left and right or long and short axis anatomy.

Additional Features

- Act One™
- Auto Heart Rate
- DICOM
- Procedure Recording Mode
- Voice Controls

Clarius Membership

Membership Bundle

With your membership plan, you'll receive a discount on a scanner and the following:

- ✓ Support
