High-Resolution Ultrasound in a Portable Wireless Scanner

High-Definition

Octal Beamforming technology and 192 piezoelectric elements deliver high performance and resolution.

Specialized

Specialized presets, automated workflows, and artificial intelligence deliver superior imaging.

Wireless

Steadfast connection. Total freedom. Without cords, cleaning and disinfection are simple and fast.

Easy To Use

Friendly app for Apple or Android with swipe, tap, and voice controls.

Ultra-Portable

Smartphone-sized, Clarius is ideal for small spaces. Take it anywhere!

Exam Management

Seamlessly transfer saved images and videos to PACS servers through the current DICOM web standard.

After a few weeks of use, I can tell you that given the time saved and the facility to perform additional examinations, the cost of acquisition is negative. The device gives back more than it costs and the biggest benefit is not monetary; it's the better quality and pleasure of my work."

Dr. Martin Pham-Dinh, MD - Emergency Medicine Physician
